VESPER / DIGITAL STUDY

Original AVL portfolio demonstration

A dark mask surface with a narrow gold ridge.

Palette: graphite, muted gold, cool rim light.

The digital presentation is complete; no physical mask exists.

PROPORTION

A tapered jaw balances two rising horns.

Eye openings stay dark. The ridge carries the key light.

FILES

The sample STL is an illustrative 24 x 24 x 3 token.

It is not the mask or a fabrication-ready costume pattern.

OPEN FABRICATION QUESTIONS

Any future wearable version needs independent testing:

- Visibility, ventilation and eye clearance.
- Weight, balance and secure attachment.
- Skin-safe materials and appropriate workshop practice.

No physical materials have been verified by this study.

The diagrams and renders are original digital illustrations.
